USA Industrial Supply Pavilion at HANNOVER MESSE 2016

Leading Trade Fair for Industrial Subcontracting and Lightweight Construction

HANNOVER MESSE 2016 will focus on key challenges of the fourth industrial revolution such as achieving universal standards for machine-to-machine communication, maintaining data security, and finding new business models.

Where can I find supply solutions to optimize industrial processes and make end product lighter, more efficient, more economical and improve durability?

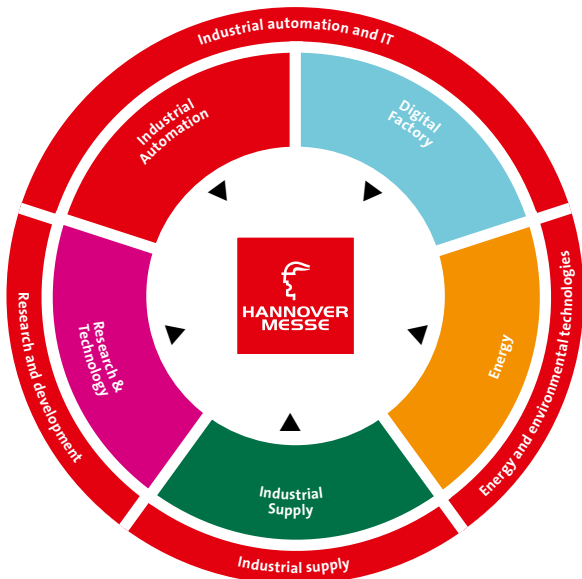

USA Partner Country

On March 23rd, the White House officially confirmed that the United States will be the official Partner Country of HANNOVER MESSE 2016 for the first time since its launch in 1947. The thematic focus of Partner Country USA will include energy efficiency and energy production, state-of-the-art production engineering, smart technologies, education and training and transatlantic partnerships.

The USA Industrial Supply Pavilion will highlight key American Technologies to help manufacturers from around the world to remain competitive and to meet their manufacturing needs.

Benefits only HANNOVER MESSE can provide:

1. **Promising new contacts** – Senior decision-makers with firm project commitments come to Hannover from every continent to invest in new technology
2. **Innovations on a global scale** – Innovative solutions, cutting-edge technology, and new product launches attract highly-qualified professionals from your target sectors worldwide
3. **Massive crossover potential** – Five leading international trade fairs combined under one roof
4. **New networks** – Some 150 business delegations from industry, business, and government offer huge potential for developing new partnerships
5. **Maximum media exposure** – International press conferences, preview events, and over 2,300 journalists from 42 countries in attendance

HANNOVER MESSE 2015 Review:
